### **Note On The uMhlanga UIP**

uMhlanga is one of the most popular investment and tourist destinations on the South African coastline. Located on the KZN North Coast and overlooking the warm Indian Ocean, uMhlanga offers visitors top quality accommodation; centrally located offices; kilometres of beaches; a wealth of outdoor adventure; world-class shopping, and an array of dining options, all within the well-secured and well-managed uMhlanga Urban Improvement Precinct (UIP).

The uMhlanga UIP is a long-term investment made by the area's commercial and residential property owners to effectively secure and enhance property values and support business activity in the area. Through this investment and by partnering with the eThekweni Municipality, the UIP ensures that this key node delivers an exceptional experience of public space by improving the environment and quality of life for all the uMhlanga precinct's users.

There are two UIPs or Special Ratings Areas (SRA) as they are official termed by the municipality namely, the uMhlanga Promenade UIP established in March 2003 and The Village UIP, established in July 2008. These UIPs, collectively known as the uMhlanga UIP represent 29 large erven. In addition to the two UIPs, there are a further two Associate Managed Areas namely the Southern Promenade Properties (SPP) – established 2004 and the Northern Promenade Properties (NPP) – established 2010. These areas represent approximately 42 large erven. The UIP partners with the eThekweni Municipality to ensure that this key node delivers an exceptional experience of public space.
